Product short description:

3-PHASE REINFORCED Two METERS Track RAIL compatible with all our LED tracklight.

Available in **black** and **white**.

Product description:

3-PHASE Track Rail White - 2 meters

This **rail**, being a circuit, means that when the light is switched on, all the **spotlights** are switched on directly without the possibility of regulating them. This product is associated with our **LED spotlights**.

It is designed with a **reinforced** structure to guarantee its resistance. It includes a **plug** at one end and a **feeder** at the other end that connects directly to the current. In addition we have different types of **accessories** with which you will be able to design your luminaires according to your needs.

Perfect for **lighting** and decorating **commercial spaces**.

Applications of the 3-phase Track Rail White

- Commercial Stores
- Museums
- Galleries
- Showcases
- Office
- Showcases

At FactorLED we ensure that our products have a QUALITY guarantee and offer all the necessary elements for DISTRIBUTION, IMPORT or WHOLESale, including the technical data sheet of each LED product.
