Product short description:

With this **Cornice aluminum profile**, to place one **LED strips**, you will get the molding effect for your walls and surfaces. Quick and easy installation thanks to its Click system included. Profile terminals are also included.

Product description:

Aluminum Profile CORNICE Model - 2 Meters

The "**Cornice**" **molding profile** allows a quick installation. The aluminum profile is specially designed to incorporate one **LED strip** to achieve **decorative lighting** that allows to achieve spectacular effects on the decoration and lighting of any desired space.

With them a simple wall will turn it into a unique work of art that completes the linear forms of your wall with indirect light emitted by the profile.

This aluminum profile allows the placement of high brightness strips, due to its dissipative effect for the LED strip, you will get to extend the life of your LED strips.

Applications of the Aluminum Profile CORNICE Model

- Hotels
- Libraries
- Bar
- Home
- Furniture
- Shops
- Restaurants
- Roofs

At FactorLED we ensure that our products have quality guarantee and offer all the necessary elements for DISTRIBUTION, IMPORT or WHOLESALER, including the technical sheet of each LED product.
