**Submersible RGB LED Bulb 36W PAR56 - DC12V - IP68 - Steel 316 - IMPACT RESISTANT - IK10- Pool**

### Product description:

Housing PAR56 Recessed for LED Swimming Pool Spotlight

The **recessed housing for swimming pool** is specially designed to house a **PAR56 LED lamp**. It is made of high quality ABS which perfectly protects the connection terminals of the bulb and preserves its watertightness with its IP68 protection factor.

Each recessed housing for swimming pool comes with its trim, plugs and a metre of cable with polypropylene insulating sheath which is perfect for connecting the luminaire to the mains safely.

The cut-out dimensions for installation are Ø277x130mm.

\*PAR56 bulb not included.
