LED Floodlight 960W - STADIUM MATRIX - Philips Xitanium Driver - SMD5050 Bridgelux 240Lm/W High Brightness

Product code:

Reference: MATRIX-960W

Technical specifications:

REFERENCE: MATRIX-960W Rated Power: 960W Nominal Voltage: 85-265V

Colour: 5000K

CRI - Chromatic Rendiment Index: 70 Construction Material: Aluminiun+PC

Luminosity-Lm: 153600 Lm

Number & Type of LEDs: SMD 5050-12D BRIDGELUX CHIP 2240 BXCD DS-C47

Beam Angle (º): 20º - 40º - 90º

Luminous diodo LED (Lm/W): 240 Lm/W Luminous Efficiency (Lm/W): 160 Lm/w

Certifications: CE - ROHS

IP: IP65-Outdoor

Diode Life Expectancy (H): 50.000 Dimensions (mm): 615x500x330mm

Power Factor (PF): 0,94 Frequency (Hz): 50/60Hz

Temperature Range (${}^{\circ}$ C): -20 ${}^{\circ}$ C \sim +55 ${}^{\circ}$ C

On/Off Cycles: 100.000 Starting Time (s): 0,2s

Other Information: THIS PRODUCT IS DELIVERED DISASSEMBLED

Impact Protection (IK): IK10

Driver included: PHILIPS XITANIUM 5 YEARS Energy Rating (2021-UE-2019/2015): A++

Warranty Years: 5

Product short description:

STADIUM aluminum **LED Floodlight 960W** with SMD 5050 of 12 cores with **BRIDGELUX chip**, thus achieving a great performance due to its modular design. **This IP65 floodlight** includes **Philips driver** and is designed to reach great distances thanks to its angle. Perfect for **sports stadiums**, port areas, high-rise towers and parking lots.

Product description:

LED Floodlight 960W - STADIUM MATRIX - Philips Xitanium Driver - SMD5050 Bridgelux 240Lm/W High Brightness

The technical specifications of this type of **960w LED floodlight** (120w each module) make it a spotlight capable of effectively illuminating any space at great distances without reducing its luminosity.

The **STADIUM sports floodlights** is composed of 2 modules of 120w and **PHILIPS XITANIUM Driver** to feed them. If we want to increase the power we must acquire the modules in 2, since the driver is prepared for it. This way we can have projectors of 240W - 480W - 960W... In addition to the modules and the driver, it also has the plate of subjection of the driver and the arm to be able to fix it to the wished surface. In addition it is orientable, with which we manage to direct the light towards where we want.

The **MATRIX spotlight** stands out for its SMD 5050 with 12 cores with **BRIDGELUX chip** (USA) that provides the efficiency and reliability that any type of outdoor or sports lighting market demands.

Thanks to the 20°, 40° and 90° angled lenses, the required Luxes are achieved where they are needed.

With its high power 5050 diode, it achieves a **diode efficiency of 240Lm/w** covering all the user's needs.

It has been manufactured with 100% 6063 aluminium, both in its casing and in its handles, making it a very lightweight product for easy transport and installation. In addition, its paint is anti-corrosive, so it has a great duration and reduces all types of oxidation.

With all its LED technology and the latest market developments, it achieves savings of up to 80% in energy consumption. It has a 5 year guarantee.

It has a 5 year guarantee

Uses of the 960W LED Floodlight STADIUM MATRIX Bridgelux Chip - Driver Philips

Technical Datasheet

- Port Areas Large parking areas Football Fields

- Sports stadiums
 Airports
 Department stores
 Production factories

In FactorLED we assure that our products have QUALITY guarantee and offer all the necessary elements for the DISTRIBUTION, IMPORT or WHOLESALE, including the technical card of each LED product.
