

Motion Detector - Regulator for UFO Pendant Light with ZHAGA SWITCH

Product code:

Reference: 960004

Technical specifications:

REFERENCE: 960004
Nominal Voltage: 12V 0.03A
Construction Material: Thermoplastic
Beam Angle (°): 150°
Dimmable: YES
Certifications: CE - ROHS
IP : IP65-Outdoor
IP : IP20
Dimensions (mm): Ø60H30mm
Other Information: MICROWAVE 5.8GHz
Energy Rating (2021-UE-2019/2015): A+
Warranty Years: 5
Accesorios y Complementos: Mando a Distancia
Range (m): 12m

Product short description:

Motion Detector and Regulator for UFO Pendant Light with ZHAGA Plug and Play Switch, control the energy consumption of your LED lights automatically and efficiently by detecting movement to turn the light on or dim it only when necessary. Additionally, with the remote control (REFERENCE: 960005), you can adjust the light intensity and sensor options remotely. A complete solution for smart and economical lighting.

Product description:

Motion Detector - Regulator for UFO Pendant Light with ZHAGA SWITCH

The **Motion Detector and Regulator for UFO High Bay with SWITCH ZHAGA Plug and Play** is the ideal solution to optimize the energy consumption of your LED luminaires. It detects motion to automatically turn on or adjust the light, significantly reducing operational costs. Its advanced radar technology offers precise detection, while the Plug and Play design allows for quick and hassle-free installation.

With the remote control (REFERENCE: 960005), you can adjust the light intensity and modify the sensor options remotely, providing complete control and flexibility in any environment. Compatible with a wide range of luminaires and control systems, it ensures seamless integration and improves energy efficiency in industrial spaces such as factories, warehouses, and distribution centers.

Key Benefits:

- 100° motion detection for broader coverage.
- Automatic energy savings by turning on only when necessary.
- Remote control to adjust lights and sensors.
- Quick installation with Plug and Play technology. Note: The remote control is sold separately (REFERENCE: 960005).

A complete solution for smart and economical lighting, designed to maximize savings and improve performance in your facilities.

At FactorLED, we're committed to quality and excellence. Our products come with a **QUALITY** guarantee and provide everything you need for their **DISTRIBUTION, IMPORT, or WHOLESALE SALE**. Additionally, we provide detailed technical specifications.
