

Quick Connector - 2 Entries - PCT-212 for Electrical Cable - 0.08-4mm²

Product code:

Reference: CNT-91169

Technical specifications:

REFERENCE: CNT-91169
Nominal Voltage: Max: 250V/4KV AC - 32A
Construction Material: Flame retardant thermoplastic
Certifications: CE - ROHS
IP : IP20
Dimensions (mm): 12.5x20.5mm
Temperature Range (°C): -25°C ~ +95°C
Warranty Years: 5

Product short description:

Do you want to save time and money?:
The 2-way quick connector - PCT-212 - for electrical cable is used to make quick and safe connections in all types of lighting and also in both temporary and permanent electrical installations. **With these fast and safe connectors, great cost savings are achieved in assembly.**

Product description:

Quick Connector 2 PCT-212 Entries for Electrical Cable

The 2-way quick connector - PCT-212 - for electrical cable is used to make quick and safe connections in all types of lighting fixtures and also in both temporary and permanent electrical installations. With these fast and safe connectors, great cost savings are achieved in assembly.

Cable assemblies can be pre-assembled in advance to save time during assembly.

With these fast and safe connectors, great cost savings are achieved in assembly.
