

High Bay LED 200W -170Lm/W- UFO NEW ITALY PHILIPS XITANIUM - 1-10V DIM

Product code:

Reference: NEW-HBPHL200W

Technical specifications:

REFERENCE: NEW-HBPHL200W
Rated Power : 200w
Nominal Voltage: 220V-240V
Colour: 4000K-5700K
CRI - Chromatic Rendiment Index: 70
Construction Material: Aluminium +PMMA
Luminosity-Lm: 34000Lm
Number & Type of LEDs: SMD 3030
Beam Angle (°): 90°
Luminous diodo LED (Lm/W): 200Lm/W
Luminous Efficiency (Lm/W): 170Lm/W
Dimmable: 1-10V
Certifications: CE - ROHS
IP : IP65-Outdoor
Diode Life Expectancy (H): 50.000
Dimensions (mm): Ø360xH145mm
Power Factor (PF): 0.95
Frequency (Hz): 50/60Hz
Temperature Range (°C): +45°C ~ -30°C
On/Off Cycles: 100.000
Starting Time (s): 0,2s
Impact Protection (IK) : IK09
Driver included: DRIVER NO FLICK
Energy Rating (2021-UE-2019/2015): A++
Energy Rating (2023 - UE-2019/2015): C
Warranty Years: 6

Product short description:

Turn your space into a bright and efficient environment with our **200W 170LM/W UFO LED High Bay NEW ITALY PHILIPS XITANIUM - 1-10V Dimmable!**

This revolutionary UFO light combines cutting-edge technology with Philips' premium quality, ensuring outstanding performance and unparalleled durability. The powerful 200W LED lighting guarantees an exceptional luminous intensity of 170 lumens per watt.

Its modern and elegant **UFO design** fits perfectly into any environment. Additionally, the 1-10V dimming system allows you to save electricity and adjust the light intensity according to your needs. **6-year warranty.**

Product description:

High Bay LED 200W -170Lm/W- UFO NEW ITALY PHILIPS XITANIUM - 1-10V DIM

Welcome to the future of lighting with the extraordinary **200W 170LM/W UFO LED High Bay NEW ITALY PHILIPS XITANIUM - 1-10V Dimmable** ! Allow me to take you on an exciting journey to discover all the wonders that this state-of-the-art product has to offer.

Imagine a space bathed in powerful and brilliant light, where every corner is illuminated with exceptional clarity. With the 200W UFO LED Light NEW ITALY PHILIPS XITANIUM, this becomes a reality. Equipped with SMD3030 technology, each watt transforms into 170 dazzling lumens, providing intense and efficient lighting that surpasses traditional solutions by far.

Are you worried about energy consumption? Not anymore! With an impressive performance of **170 lumens per watt**, this LED light leads the way in energy efficiency, allowing you to save on your electricity bills without sacrificing the quality of light. Not only will you be reducing your carbon footprint, but you will also be taking care of your wallet.

The 200W 170LM/W UFO LED Light NEW ITALY PHILIPS XITANIUM is designed to withstand the challenges of the environment. With its **IP65 protection** rating, this light is completely dust and water-resistant, ensuring flawless operation even in adverse weather conditions. So, you can be sure it will shine brightly indoors or outdoors, regardless of the weather!

In addition to its protection against dust and water, this LED light features an **IK09** impact resistance. What does this mean? It means it can withstand shocks and impacts without losing its brilliance! So, in industrial environments, warehouses, or any place where protection is vital, this light is the perfect choice.

To ensure stable and flicker-free lighting, the Philips Xitanium NO FLICK Driver provides a constant current to the LED light. This not only protects your eyes from annoying flickers but also extends the lifespan of the luminaire, ensuring years of reliable and worry-free performance.

We know that quality is paramount to you, which is why we back this LED light with a 6-year warranty. We have confidence in the durability and exceptional performance of this product, and we want you to have complete peace of mind when choosing it as your lighting solution.

The 200W UFO LED Light NEW ITALY PHILIPS XITANIUM - 1-10V Dimmable is more than just a luminaire; it is a piece of innovation that will elevate the lighting of your space to new heights. With its leading-class efficiency, protection against the elements, impact resistance, and flicker-free design, this LED light is designed to exceed your expectations and provide you with an exceptional lighting experience. Get ready for a new era of bright and efficient lighting with Philips leading the way!

Technical Datasheet

The LED Bell 200W 170LM/W UFO NEW ITALY PHILIPS XITANIUM - 1-10V Dimmable can be used in a wide variety of environments and applications due to its powerful performance, durability, and efficiency. Some of the places where this product can be used include:

- Warehouses and distribution centers: The high-power LED lighting is ideal for illuminating large storage areas and facilitating product identification and sorting.
- Industrial facilities and factories: Dust, water, and impact resistance make this LED bell perfect for industrial environments where conditions can be rigorous.
- Gyms and sports centers: The high luminous intensity provides proper lighting for sports activities and training areas.
- Large commercial areas: It can be used in retail stores, supermarkets, or shopping malls to create bright and attractive lighting for customers.
- Parking lots and outdoor areas: Its IP65 protection makes it suitable for illuminating outdoor spaces such as parking lots, courtyards, and loading and unloading areas.
- Production and assembly facilities: The quality of light and flicker protection ensure comfortable and safe lighting for workers.
- Outdoor sports facilities: It can be used on tennis courts, football fields, among others, to provide efficient lighting during nighttime sports events.
- Showrooms and museums: Its elegant design and light quality make it ideal for enhancing products and exhibits in showrooms and museum spaces.

These are just a few examples of where the LED Bell 200W 170LM/W UFO NEW ITALY PHILIPS XITANIUM - 1-10V Dimmable can be used, but its versatility and high performance allow for its application in many other environments where powerful, efficient, and high-quality lighting is needed.

In FactorLED we ensure that our products have QUALITY guarantee and offer all the necessary elements for DISTRIBUTION, IMPORT or WHOLESALE, including the technical data sheet of each LED product.
