

## 200W-150W -100W High Bay LED UFO BELGIUM SOSEN Driver - Dimmable 1-10V - 170lm/w - IP65

### Product code:

Reference: HBS200W

### Technical specifications:

CRI - Chromatic Rendiment Index: 70  
Construction Material: Aluminium +PMMA  
Number & Type of LEDs: SMD 3030  
Beam Angle (°): 90°  
Luminous diodo LED (Lm/W): 200 Lm/W  
Dimmable: 1-10V  
Certifications: CE - ROHS  
IP : IP65-Outdoor  
Diode Life Expectancy (H): 50.000  
Dimensions (mm): Ø360mm \* H167  
Power Factor (PF): 0.98  
Frequency (Hz): 50/60Hz  
Temperature Range (°C): -20°C ~ +55°C  
On/Off Cycles: 100.000  
Starting Time (s): 0,2s  
Impact Protection (IK) : IK09  
Driver included: DRIVER SOSEN 5 YEARS  
Energy Rating (2021-UE-2019/2015): A++  
Energy Rating (2023 - UE-2019/2015): C  
Warranty Years: 6  
Range (m): 15m

### Product short description:

Discover the power and efficiency of the **UFO BELGIUM LED High Bay** with **adjustable power of 200W-150W-100W**. With its **SOSEN Driver** and **Dimmable 1-10V regulation**, you can adjust the light intensity to your liking. Incredible efficiency of 170lm/w for exceptional brightness.

Moreover, its **IP65** protection makes it perfect for indoor and outdoor use. Illuminate your space with cutting-edge technology and save energy. Make your spaces shine with the UFO LED Bell BÉLGICA with **6 YEARS WARRANTY**.

### Product description:

200W-150W -100W High Bay LED UFO BELGIUM SOSEN Driver - Dimmable 1-10V - 170lm/w - IP65

Immerse yourself in the future of lighting with the extraordinary **UFO BELGIUM LED High Bay**! This revolutionary LED lamp combines several outstanding features to provide an unparalleled lighting experience in any space.

What makes it special?

- **Versatility and Flexibility:** The LED UFO Lamp BELGIUM offers you the freedom to choose the power that best suits your needs. You can opt for an impressive performance of 200W, a more balanced option of 150W, or an efficient lighting of 100W, all with a single product!
- **Cutting-edge Technology:** With a high-quality SOSEN driver, this LED lamp ensures stable and reliable performance throughout its lifespan. Moreover, its 1-10V Dimmable function allows you to adjust the light intensity according to the desired ambiance, providing full control over the lighting.
- **Extraordinary Energy Efficiency:** Experience astonishing brightness with an outstanding luminous efficiency of 170lm/w. This not only offers powerful illumination but also helps you save energy and reduce electricity costs.
- **Resistance and Durability:** Made of high-quality aluminum, the LED UFO Lamp BELGIUM is robust and shock-resistant, ensuring a long lifespan even in demanding environments. Its IK09 rating protects it from impacts and ensures it continues to function smoothly despite adverse conditions.
- **Directional Lighting:** With a 90° light angle, this LED lamp focuses the lighting where it is needed most, avoiding unnecessary losses and providing more effective and targeted light.
- **Reliable Warranty:** We have full confidence in the quality of our LED UFO Lamp BELGIUM, which is why we offer a complete 6-year warranty. You can be assured that you are acquiring a reliable and durable product.

The LED UFO Lamp BELGIUM is perfect for a wide range of applications, including warehouses, factories, parking lots, gyms, shopping malls, and more. Its modern and elegant design effortlessly integrates into any environment, enhancing the aesthetics and functionality of your spaces.

CAN BE PROGRAMMED AND REMOTELY CONTROLLED WITH EASILY INSTALLABLE ACCESSORIES:

With the 200W LED Bell model Belgium, you can purchase a motion sensor as an additional accessory for our professional luminaire, as well as a programmable remote control.

To control the bell, you must install a motion detector in each unit you wish to control and acquire a remote control to program them. With a single control, you can manage all your luminaires.

What can you control with the LED bell?

# Technical Datasheet

You can increase/decrease the brightness intensity and thus the wattage consumption. (Brightness)

You can adjust the motion detector sensitivity. (Sensitivity)

The duration of the luminaire's lighting time when no movement is detected. (Daylight Sensor)

The waiting time duration (Standby mode)

Uses of the UFO LED Bell Belgium 200W SOSEN Driver - Dimmable 1-10V - 170lm/w - IP65:

- Warehouses and distribution centers: Provides efficient and uniform lighting in large storage spaces.
- Factories and industries: Ideal for illuminating production and work areas, where powerful and durable lighting is needed.
- Parking lots and garages: Provides clear and safe lighting for vehicles and pedestrians.
- Gyms and sports centers: Offers bright lighting for sports activities and training.
- Shopping malls and stores: Creates a cozy and attractive atmosphere for customers.
- Event and exhibition spaces: Provides suitable lighting for exhibits and presentations.
- Outdoor areas: Thanks to its IP65 rating, it can be used outdoors, such as patios, gardens, parks, and loading areas.

Do not settle for mediocre lighting; take a step towards excellence with the UFO LED Bell Belgium. Enjoy unmatched performance, class-leading energy efficiency, and surprising durability. Illuminate your world with the UFO LED Bell Belgium and experience the difference!

In FactorLED we ensure that our products have QUALITY guarantee and offer all the necessary elements for DISTRIBUTION, IMPORT or WHOLESALE, including the technical data sheet of each LED product.
