

LED Strip End Cap - 10mm - 12mm

Product code:

Reference: KIT91024

Technical specifications:

REFERENCE: KIT91024
Construction Material: Silicone
Certifications: CE - ROHS
IP : IP65-Outdoor
Warranty Years: 3

Product short description:

SILICONE end cap to connect LED strips for 10-12mm PCB. Resists temperatures from -55°C to 160°C. Aging resistance and weather resistance. Precision-manufactured using high-quality silicone, these caps are designed to withstand the elements and shine in any outdoor environment. The silicone not only provides exceptional protection against wear and weather but also ensures a hermetic seal to keep your LED strip in perfect condition if you apply our special Kafuter adhesive.

Product description:

LED Strip End Cap - 10mm - 12mm

Discover the perfect finishing touch for your lighting projects with our innovative Kit of End Caps for 12mm LED Strips. Meticulously designed to exceed your expectations, this set of 10 units is ready to take the magic of light to a new level.

Each end cap is a masterpiece of durability and style. Precision-manufactured using high-quality silicone, these caps are designed to boldly face the elements and dazzle in any outdoor environment. The silicone not only provides exceptional protection against wear and weather but also ensures a hermetic seal to keep your LED strip in perfect condition.

The 12mm size fits perfectly to your LED strips, ensuring a seamless appearance and optimal performance. These end caps are incredibly easy to install, allowing you to focus on creativity rather than technical complication. Simply snap them into place and enjoy the security and beauty they bring to your project.

Whether you're beautifying your garden, enhancing your facade, or creating a magical corner in your patio, this Kit of End Caps for 12mm LED Strips is the ultimate choice. Illuminate your world with confidence and style.

OUTDOOR USE:

With our end cap and by using our special Kafuter adhesive, you'll be able to connect all types of LED strips, making them IP65 rated to protect them for outdoor use.

Get your kit today and ignite your creativity!

At FactorLED, we ensure that our products come with a QUALITY guarantee and offer all the necessary elements for DISTRIBUTION, IMPORT, or WHOLESALE, including the technical data sheet for each LED product.
