

30W Integrated-LED Tri-Proof Light - GLOWLUXE - Interconnectable - 119cm - IP65

Product code:

Reference: LTP30W

Technical specifications:

REFERENCE: 3206D-TP1S
REFERENCE: 3206D-TP1S
Rated Power : 30W
Nominal Voltage: 170v-265v
Colour: 5000K
CRI - Chromatic Rendiment Index: 80
Construction Material: Thermoplastic
Luminosity-Lm: 3300
Number & Type of LEDs: SMD 2835
Beam Angle (°): 120°
Luminous diodo LED (Lm/W): 140 Lm/W
Luminous Efficiency (Lm/W): 110Lm/W
Certifications: CE - ROHS
IP : IP65-Outdoor
Diode Life Expectancy (H): 25.000
Dimensions (mm): 1225 x 710 x 28mm
Power Factor (PF): 0,91
Frequency (Hz): 50/60Hz
Temperature Range (°C): -20°C ~ +55°C
On/Off Cycles: 100.000
Starting Time (s): 0,2s
Other Information: IK08
Energy Rating (2021-UE-2019/2015): A+
Energy Rating (2023 - UE-2019/2015): E
Warranty Years: 2

Product short description:

Discover lighting excellence with the 30W LED Waterproof Fixture - GLOWLUXE - 119cm - IP65. Featuring an elegant design of sturdy polycarbonate, it provides consistent brightness in challenging environments (IP65, IK08). Its powerful 30W LED emits uniform and efficient light. Interconnect up to 6 units to tailor the illumination to your needs. Functionality and style blend in this fixture that will transform any space into a luminous oasis.

Product description:

Integrated LED Waterproof Strip - 30W - GLOWLUXE - Interconnectable - 119cm - IP65

Get ready to discover lighting innovation with the Integrated LED Waterproof Strip 30W - GLOWLUXE - 119cm - IP65! Designed to take lighting to a whole new level, this waterproof strip is not just a source of light but also a masterpiece of functionality, durability, and style.

Imagine a product that seamlessly combines elegant design with the resilience of high-quality materials. Manufactured with high-quality PC (polycarbonate), this strip not only looks impressive but is also capable of withstanding the rigors of daily use in a variety of environments. Whether indoors or outdoors, in commercial or industrial spaces, the Integrated LED Waterproof Strip 30W - GLOWLUXE - 119cm - IP65 showcases durability with its IP65 protection rating and resistance to IK08-level impacts. No matter how challenging the conditions are, this strip is ready to illuminate your path with constant and reliable brightness.

And what about the lighting power? With its powerful integrated 30W LED, the Integrated LED Waterproof Strip - GLOWLUXE not only illuminates the space but transforms it into an oasis of bright, clear light. Whether you're looking to illuminate a wide area or focus on specific tasks, this strip provides uniform and flicker-free lighting that takes care of your eyes while enhancing energy efficiency.

But the surprises don't stop there. Versatility is a core feature of this strip. With the ability to interconnect up to six units, you can customize and adjust the lighting according to your changing needs. Need to illuminate a larger space? Want to create a specific ambiance? With this interconnection feature, you have full control over how you use lighting in your space.

In addition to its outstanding functionality, the Integrated LED Waterproof Strip 30W - GLOWLUXE - 119cm - IP65 also adds a touch of modern style to any environment. Its sleek and aerodynamic design complements a wide range of decorative styles, from contemporary to industrial. Whether installed in a garage, warehouse, hallway, or workspace, this strip doesn't just illuminate the space but also adds a touch of sophistication.

In summary, the Integrated LED Waterproof Strip 30W - GLOWLUXE - 119cm - IP65 is much more than a simple light source. It's a testament to careful engineering, intelligent design, and exceptional durability. Whether you're looking for a lighting solution for commercial, industrial, or residential use, this strip is ready to exceed your expectations and provide a luminous experience like no other. Get yours today and discover a new standard in high-quality lighting.

The versatility of the Integrated LED Waterproof Strip 30W - GLOWLUXE - 119cm - IP65 makes it an ideal choice for a variety of environments. It can be used in:

- Industrial Spaces: Garages, warehouses, and factories will benefit from its durability and consistent lighting power.
- Commercial Settings: Shops, supermarkets, and malls can highlight products and create appealing atmospheres.

Technical Datasheet

- Work Areas: Workshops and manufacturing areas are evenly lit, improving productivity and safety.
- Hallways and Corridors: Provides reliable guidance in indoor and outdoor corridors.
- Outdoor Spaces: Its IP65 rating ensures resistance to adverse weather conditions, making it suitable for patios and outdoor areas.
- Storage Areas: Uniform lighting enhances visibility on shelves and in storage areas.
- Residential Garages: Provides bright and lasting lighting in garages and parking lots.
- Sports Facilities: Covered courts, gyms, and pools can benefit from its constant brightness.
- Offices and Commercial Spaces: Offers comfortable, high-quality lighting to enhance the work environment.

In short, the Integrated LED Waterproof Strip 30W - GLOWLUXE - 119cm - IP65 is versatile and robust, suitable for nearly any place where efficient and reliable lighting is needed.

In FactorLED we ensure that our products have QUALITY guarantee and offer all the necessary elements for DISTRIBUTION, IMPORT or WHOLESALE, including the technical data sheet of each LED product.
