With this **DOUBLE LIGHT aluminum profile** (to place **2 LED strips**) you will get the molding effect for your walls and surfaces. Quick and easy installation thanks to its Click system included. Profile terminals are also included.

Product description:

Aluminum Profile DOUBLE LIGHT Molding - 2 Meters

The **Double Light molding profile** allows a quick installation. The **aluminum** profile is specially designed to incorporate **2 LED strips** to achieve decorative lighting that allows to achieve spectacular effects in the **decoration** and **lighting** of any space.

With them a simple wall will turn it into a unique work of art that completes the linear forms of your wall with indirect light emitted by the profile.

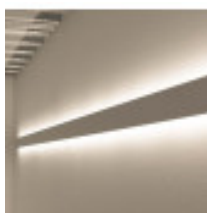

This aluminum profile allows the placement of high luminosity strips due to its dissipative effect for the LED strip, which will extend the life of your LED strips.

Applications of the Aluminum Profile DOUBLE LIGHT Molding

- Hotels
- Libraries
- Bar
- Home
- Furniture
- Shops
- Restaurants
- Roofs

At FactorLED we ensure that our products have quality guarantee and offer all the necessary elements for DISTRIBUTION, IMPORT or WHOLESALER , including the technical sheet of each LED product.
