

## Portable LED Solar Projector - CCT - 1200 Lumens - Power Bank + USB Rechargeable

### Product code:

Reference: CP-3CCT-91797

### Technical specifications:

REFERENCE: CP-3CCT-91797  
Nominal Voltage: DC5V  
Colour: SELECTABLE COLOUR: 3000K-4000K-6000K  
CRI - Chromatic Rendiment Index: 75  
Construction Material: Thermoplastic  
Luminosity-Lm: 1200Lm - Dimmable  
Beam Angle (°): 120°  
Luminous diodo LED (Lm/W): 120Lm/W  
Certifications: CE - ROHS  
IP : IP54  
Diode Life Expectancy (H): 40.000  
Dimensions (mm): 150x122x51 mm  
Frequency (Hz): 50/60Hz  
Temperature Range (°C): -20°C ~ +55°C  
On/Off Cycles: 100.000  
Starting Time (s): 0,2s  
Material of the Battery: LiFePO4 - Lithium-Ferrophosphate -LPF  
Energy Rating (2021-UE-2019/2015): A  
Energy Rating (2023 - UE-2019/2015): A

### Product short description:

Explore lighting versatility with our **CCT Portable Solar LED Spotlight**. This spotlight gives you customized options for any occasion, thanks to its **dimming in all light colors**. With **1200 lumens** of brightness, Power Bank function and USB charging capability, it is the ideal solution for lighting and charging devices anywhere.

Take the light with you wherever you need it with this all-in-one portable spotlight!

### Product description:

LED Portable Solar Spotlight - CCT - 1200Lm - Power Bank + USB Rechargeable

Discover the revolution in lighting with our innovative **CCT Portable Solar LED Spotlight**, designed to offer you an unparalleled lighting experience in any environment and for any occasion.

This solar spotlight redefines versatility by providing customized lighting options for every situation. With advanced dimming in all light colors, you can adjust the brightness to your specific preferences and needs. From soft, warm light for relaxing environments to bright illumination for outdoor activities, this spotlight gives you total control over your lighting environment. Its portable and rugged design makes it the perfect companion for your outdoor adventures.

With a powerful **1200 lumens** of brightness, our spotlight ensures crisp, bright illumination in any environment, providing the visibility you need in even the most demanding situations. Whether in emergency situations, camping, outdoor activities or hiking, this spotlight becomes your reliable companion, illuminating your path and providing safety at every step.

It has **several light functions**:

- with the first button you can adjust the light tone in **300Lm 600Lm or 1200Lm**.
- with the second button you can activate and deactivate the **emergency mode**.
- with the third button you can change the white light tone, you can change to **3000K 4500K or 6000K**.

In addition to its main function of illumination, this Portable Solar Spotlight is a comprehensive solution for your energy needs. Equipped with a **Power Bank** function, you can take advantage of its charging capacity to power your electronic devices while venturing out of the house. The **USB recharging capability** ensures additional convenience, allowing you to easily recharge the spotlight anywhere with access to a USB power source.

Our Solar LED spotlight, can be used in a variety of situations and environments. Here are some ideas on where this product can be used:

1. Outdoor lighting: The solar LED floodlight is ideal for illuminating outdoor areas, such as gardens, patios, decks, pool areas, pathways or driveways. It can provide high power lighting to illuminate large outdoor areas and improve safety at night.
2. Outdoor work: If you work on outdoor projects, such as construction, maintenance or repairs, this LED floodlight can provide a bright and reliable light source to illuminate your work area and ensure proper visibility.
3. Camping and outdoor activities: The portable LED spotlight is perfect for outdoor activities such as camping, night hiking, night fishing and boating. You can use it to illuminate the area around your campsite, providing bright and adjustable lighting according to your needs.
4. Emergency situations: The built-in SOS mode of this LED spotlight can be useful during emergency situations. If you find yourself in a dangerous situation or need urgent attention, you can activate the SOS mode to alert others of your location.
5. Workspaces and garages: If you need a powerful and adjustable light source in your workshop, garage or basement, this LED spotlight can provide the illumination you need to complete detailed tasks and projects.

In FactorLED we ensure that our products have **QUALITY** guarantee and offer all the necessary elements for **DISTRIBUTION, IMPORT or WHOLESALE**, including the technical data sheet of each LED product.
