

LED Linear Fixture 24W - STELLAR - Connectable - 60 cm

Product code:

Reference: LN24W

Technical specifications:

REFERENCE: LN50W
Rated Power : 24w
Nominal Voltage: 85-265V
CRI - Chromatic Rendiment Index: 80
Construction Material: Aluminium+PC
Luminosity-Lm: 110
Beam Angle (°): 90°
Luminous diode LED (Lm/W): 140 Lm/W
Luminous Efficiency (Lm/W): 110 Lm/W
Certifications: CE - ROHS
IP : IP20
Diode Life Expectancy (H): 50.000
Dimensions (mm): 600 x 55 x 58mm
Power Factor (PF): 0,94
Power Factor (PF): 0.97
Frequency (Hz): 50/60Hz
Temperature Range (°C): -20°C ~ +55°C
On/Off Cycles: 100.000
Starting Time (s): 0,2s
Driver included: DRIVER NO FLICK
Energy Rating (2021-UE-2019/2015): A+
Warranty Years: 3
Main colour: Black
Units per masterbox: 20

Product short description:

Discover the **LED Linear Fixture 24W STELLAR 60CM**. Its **interconnectable design** offers total flexibility with **options for straight, vertical, and horizontal connections to the left and right**, allowing for a customized and hassle-free installation. It includes all necessary accessories: 220V input connector, interconnector, and surface mount kit. Additionally, its input connector can rotate up to 180° for precise adjustment. The ends of the fixture allow light to pass through, creating a continuous and sophisticated visual effect. Ideal for modern and professional environments seeking high-impact lighting with easy installation.

Product description:

LED Linear Fixture 24W - STELLAR - Connectable - 60 cm

Discover the LED Linear Strip 24W STELLAR 60CM, the ultimate solution for flexible and high-impact lighting. This innovative product is designed to adapt to a wide range of installation configurations, making it an ideal choice for modern and professional spaces seeking high-quality lighting with simple installation.

Key Features:

- **Interconnectable Design:** The STELLAR Strip features an interconnectable design that offers total flexibility. You can create straight, vertical, and horizontal connections, both left and right, allowing you to customize the lighting configuration to your specific needs. This modular system facilitates the creation of custom and hassle-free setups, adapting to various layouts and spatial requirements.
- **Included Accessories:** The strip comes complete with all necessary accessories for quick and easy installation. It includes a 220V input connector, an interconnector to join multiple units, and a surface mounting kit, providing everything you need for efficient installation.
- **Rotatable Connector:** The input connector can rotate up to 180°, offering additional flexibility for adjusting the installation to your preferences. This feature allows for precise alignment and seamless integration into the environment.
- **Installation Versatility:** In addition to surface mounting, the strip can be converted into a suspended linear lamp using the hanging kit (Product Reference: SK92095). This option lets you explore different mounting styles and adjust the height of the lighting according to your needs.
- **Continuous Visual Effect:** The ends of the strip are designed to allow light passage, creating a continuous and sophisticated visual effect. This design not only enhances the aesthetics of the lighting but also provides a uniform and elegant light distribution.
- **High-Impact Lighting:** With a power of 24W, this strip provides bright and efficient lighting, ideal for modern and professional environments requiring high-quality illumination. Its sleek and functional design integrates seamlessly into any space, from offices and exhibition rooms to commercial and residential areas.

Uses and Applications:

- **Modern and Professional Environments:** Perfect for offices, meeting rooms, and commercial spaces where clear and effective lighting that combines style and

Technical Datasheet

performance is desired.

- **Commercial Spaces:** Ideal for stores, boutiques, and sales areas that need to highlight products and create an attractive environment for customers.
- **Exhibition Areas:** Suitable for art galleries, museums, and exhibitions where precise and uniform lighting is crucial for highlighting artworks and valuable objects.
- **Residential Applications:** Ideal for modern living rooms, dining rooms, and kitchens, providing lighting that not only illuminates the space but also adds a touch of sophistication.

The LED Linear Strip 24W STELLAR 60CM is the perfect choice for those seeking versatile, high-impact lighting with easy installation. Transform your spaces with this innovative strip and experience lighting that combines elegance, functionality, and performance.

At FactorLED, we ensure that our products are guaranteed for QUALITY and provide all the necessary elements for DISTRIBUTION, IMPORTATION, or WHOLESALE SALE, including the technical sheet for each LED product.
