Product description:

Orientable Ceiling Light - Oculus Series - GU10-MR16 - White exterior

Transform your space with the Ceiling Mount from the Oculus Series for GU10-MR16 bulbs, a perfect solution for those looking to combine design, functionality, and customization in their lighting system. With a minimalist and elegant design, this ceiling mount is ideal for creating modern and sophisticated environments, elevating any space with its exclusive aesthetics.

Features and Customization: Choose from a wide range of colors for the adjustable inner ring: white, black, silver, gold, or matte black, allowing you to tailor the lighting to your style and needs. This customization makes it the ideal choice for both residential and commercial projects, adding a touch of luxury and exclusivity to every installation. Its refined design ensures a clean, professional finish without sacrificing aesthetics.

Functionality and Versatility: More than just an elegant design, this ceiling mount offers high functionality. Thanks to its adjustable inner ring, you can direct the light beam as needed. This flexibility is perfect for focusing light on specific areas, highlighting key zones, or creating a soft and well-distributed lighting effect.

For added versatility, you can purchase additional inner rings in different colors directly from our website, allowing you to change the look of your lighting whenever you want, creating unique combinations for each space.

Quick and Easy Installation: Designed for surface mounting, this ceiling mount requires no complex construction or ceiling cuts. Its installation is quick and easy, making it a great choice for both professional installers and DIY enthusiasts.

This ceiling mount from the Luxury Series not only lights up the space but also transforms it with style and personalization, without compromising functionality.

Applications and Uses of White Orientable Ceiling Light - Oculus Series for GU10-MR16 Bulbs

This frame is very versatile in its use, finding applications in both residential and commercial environments. Some of the main spaces where it is used include:

- Kitchens and countertops: Ideal for illuminating workspaces, providing direct and clear light on surfaces.
- Bar or restaurant counters: Perfect for creating focused lighting that highlights the customer service area or creates a cozy atmosphere.
- Hallways and passageways: Provides elegant and functional lighting in passage areas, helping to guide the flow of people.
- Living rooms and common areas: Adds a touch of style to general lighting, allowing specific areas such as tables or meeting areas to stand out.
- Offices and retail spaces: Used to illuminate workspaces or highlight products in display cases, creating lighting that combines practicality and style.

GU10 lamp not included.

This tilt frame from the Oculus Series transforms the lighting in any space, bringing a touch of innovative and personalized design, without sacrificing efficiency and functionality.
