Outdoor LED Garland For 8 E27 Bulbs - 5.5 Meters - IP65

Illuminate and decorate your outdoor spaces with our decorative LED String Lights for E27 bulbs, designed to create a cozy and elegant ambiance in gardens, terraces, patios, events, and celebrations. Its durable and versatile design makes it an ideal choice for both residential and commercial use, adding a warm and sophisticated touch to any setting.

Functional and Modular Design

Our string lights measure 5.5 meters in length and include 8 waterproof E27 sockets, designed to withstand harsh weather conditions thanks to their durable and water-resistant construction. The 60 cm spacing between each bulb ensures a balanced light distribution, creating a uniform and immersive lighting experience.

Additionally, the series connection system allows you to connect up to 6 strings, reaching a total length of 30 meters with up to 48 bulbs, making it perfect for large spaces and large-scale events.

High Durability and Safety

Made from high-quality materials, this string light is designed to ensure a long lifespan for outdoor use. Its waterproof E27 sockets protect electrical connections from moisture and dust, ensuring safe and efficient operation all year round.

Its flexibility and ease of installation make it ideal for hanging on pergolas, facades, trees, tents, or any structure, adapting effortlessly to different configurations and needs.

Customize Your Lighting to Your Preference

This model is compatible with any E27 bulb (not included), allowing you to choose from a wide variety of options depending on the ambiance you want to create. Opt for warm LED bulbs for a cozy atmosphere, colored lights for a festive touch, or dimmable bulbs to adjust brightness for any occasion.
