Product short description:

Suspension kit consisting of a 2 **meter steel** cable and all the necessary accessories to convert the **single phase** surface rail into a hanging installation of LED track lights.

Product description:

Single Phase Track Suspension Kit

Suspension kit consisting of a 2 **meter steel** cable and all the necessary accessories to convert the **single phase surface rail** into a hanging installation of LED Tracklights.

With our Kit you can put the rails in suspension, thanks to the steel cable, to create multiple environments in your commercial premises.
This Kit is designed for single-phase LED rails.
