### **Product code:**

Reference: CFM2000716

### **Technical specifications:**

REFERENCE: CFM2000716 **Construction Material: Aluminium** Certifications: CE - ROHS Dimensions (mm): 2000\*40\*20MM Warranty Years: 2

#### **Product short description:**

SINGLE-PHASE REINFORCED ONE METRE RAIL compatible with all our LED tracklight.

Available in **black** and **white**.

#### **Product description:**

Tracklights Rail 2 meters REINFORCED - Single-phase

This rail, being a circuit, means that when the light is switched on, all the spotlights are switched on directly without the possibility of regulating them. This product is associated with our LED spotlights.

It is designed with a reinforced structure to guarantee its resistance. It includes a plug at one end and a feeder at the other end that connects directly to the current. In addition we have different types of accessories with which you will be able to design your luminaires according to your needs.

#### Perfect for lighting and decorating commercial spaces.

Applications of the Tracklights Rail REINFORCED - Single-phase

- Commercial Stores
- Museums Galleries
- ShowcasesOffice
- Showcases

At FactorLED we ensure that our products have a QUALITY guarantee and offer all the necessary elements for DISTRIBUTION, IMPORT or WHOLESALE, including the technical data sheet of each LED product.
